

## CMC540 Ceramic Honeycomb Monolith, 200 CPSI

**Product Number:** CMC540

### Product Specification

**Appearance, colour:** White

**Chemical Composition:** Silica Oxide, SiO<sub>2</sub> (%) 50.9 ± 1  
Alumina Oxide, Al<sub>2</sub>O<sub>3</sub> (%) 35.2 ± 1  
Magnesium Oxide, MgO (%) 13.8 ± 1

**Thermal chock resistance:** 450 °C

**Water absorption:** 25.3

**Thermal expansion coefficient:** 1.47 @ room temperature to 800 °C

**Physical Properties:** Length (mm) 150  
Width (mm) 150  
Height (mm) 150  
Cell Density 200 CPSI
